

Quality-Environment Policy

MOD 5_02
Rev. 04
10/06/24

The Management of the company G.M.P. Minuterie S.r.l. is aware of the importance of the fact that the organisation must be able to regularly supply products and services that meet the customer's requirements and the applicable mandatory requirements in order to achieve the expected results. The analysis of the context, the evaluation of the needs, the customers' expectations and the mandatory requirements as well as the needs of the other interested parties are the elements that allow the organisation's strategies to be defined. With these premises, the Quality Management System, from 2024 integrated with the Environmental Management, represents a planned and systematic organisational process that involves the whole company structure in order to obtain the maximum customer satisfaction. GMP Minuterie Srl undertakes to apply an environmental management system appropriate to the company's purposes and context; it commits itself to meet its compliance obligations. The objectives for the EMS system are indicated in the appropriate document. These objectives are aimed at protecting the environment, preventing pollution and reducing the consumption of resources while meeting its compliance obligations. The company policy is to pursue continuous improvement of the EMS system. The objective to which the company must commit itself is to guarantee Customers constant improvement in the quality, reliability, innovation and efficiency of both products and service. This objective can only be achieved with the responsible involvement of all personnel and the contribution of Suppliers and Customers in the development of the company's Quality-Environment System. In this sense, the management declares its intention to proceed with the application and improvement of the Quality-Environment Management System implemented in accordance with the requirements of UNI EN ISO 9001:2015 and 14001:2015 standards, verifying its effectiveness, establishing its objectives, taking care of its updating according to company strategies and the significant needs of Customers and interested parties. For this purpose, the management of G.M.P. Minuterie Metalliche S.r.l. asks for the utmost commitment of all the Managers in the implementation of the Quality-Environment management system, delegating to the Quality-Environment System Manager the task of guaranteeing the compliance with the regulations and reporting to the management on the progress of the integrated system. All the employees of G.M.P. Minuterie S.r.l. are informed of the company's objectives in terms of quality and continuous improvement; they must actively participate in achieving them and are aware of the contents of the Quality-Environment Policy. This Quality-Environment Policy document can be sent to the relevant interested parties upon request and under the responsibility of the Management.
